Subject: Protest 2-7-2022 Update

Good Afternoon Everyone,

I want to give everyone an update on the current status here at the Ambassador Bridge. We have about 100 cars/pickup trucks and a hand full of transport trucks that left their staging area around 1115am. Intel is stating they are going to continue a slow roll as they have been doing for the last couple of weeks. We are hearing some chatter on social about a blockade on streets around the bridge and will be monitoring their activity once on site along with any vehicle types that may be joining the protesters along the way. Windsor Police Services is actively engaged and are spread out to ensure the far left lane remains open for through traffic and emergency vehicles. Will keep everyone updated as the day goes on. Anything happening in your neck of the woods?

Sincerely,
Randy Spader
